**Chien Chung-Wei** is a contemporary artist from Taiwan who has won multiple awards and has published several books. We are so proud that he's coming to Spain again to teach. He likes to express the essence of watercolours, his work gets inspiration from all the classical masters like Singer Sargent, Turner, etc. He creates the beauty and intrigue of form even with ordinary subjects, and that's the enchantment of his watercolours.

*The goal I have been toiling after is simply to "make every stroke interesting and beautiful."*

The medieval city walls of **Girona** enclose the old city centre with narrow streets, restaurants, shops, churches, the prominent cathedral and a never ending range of cafés where the locals spend the afternoon, all the way downhill until the river Onyar. Art and history create a unique atmosphere. Two excursions to spectacular venues to paint, complete this program with a big variety of subject matter.

**Chien** is a very experienced teacher as well as a highly accomplished painter who applies a great deal of abstraction to achieve his impressive paintings. He transmits not only his philosophy of watercolor but also his techniques to achieve a well-balanced painting. He shares his 10 principles of watercolor in a simple way, mixing his good humour and jokes with his tuition. A real pleasure to be with and an inspiration to both amateurs and more accomplished painters.

Every detail **fully organised** you just relax, paint and live the most life changing painting experience in Spain with this unique tutor, **Chien Chung-Wei!**
