Joseph Zbukvic is a highly skilled artist who has the ability to create a magical atmosphere and mood in his paintings. He is a strong believer in the benefits of painting on location. His easy manner and sense of humour disguise a wonderful teacher.

"I've learned many things from my students by simply observing what they see as mistakes. In reality, there is no such thing as a mistake in watercolour – I call them gifts from heaven because the very unpredictability of what the medium will do is its greatest strength"

The medieval city walls of **Girona** enclose the old city centre with narrow streets, restaurants, shops, churches, the prominent cathedral and a never ending range of cafés where the locals spend the afternoon, all the way downhill until the river Onyar. Art and history create a unique atmosphere. Excursions to spectacular venues to paint complete this program with a big variety of subject matter. We will complete this trip with an excursion to paint magical Cadaques, the seaside icon city that Salvador Dali fell in love with and where he lived most of his life and created many of his masterpieces.

What some of our students say:

"A really fantastic trip to Girona. I will never forget! A good group with many nice people. Joseph is an incredibly good artist, but even better is, that he is an incredibly good teacher with many good pedagogical skills. He managed to structure his material and transmit to other artists with different skills."
